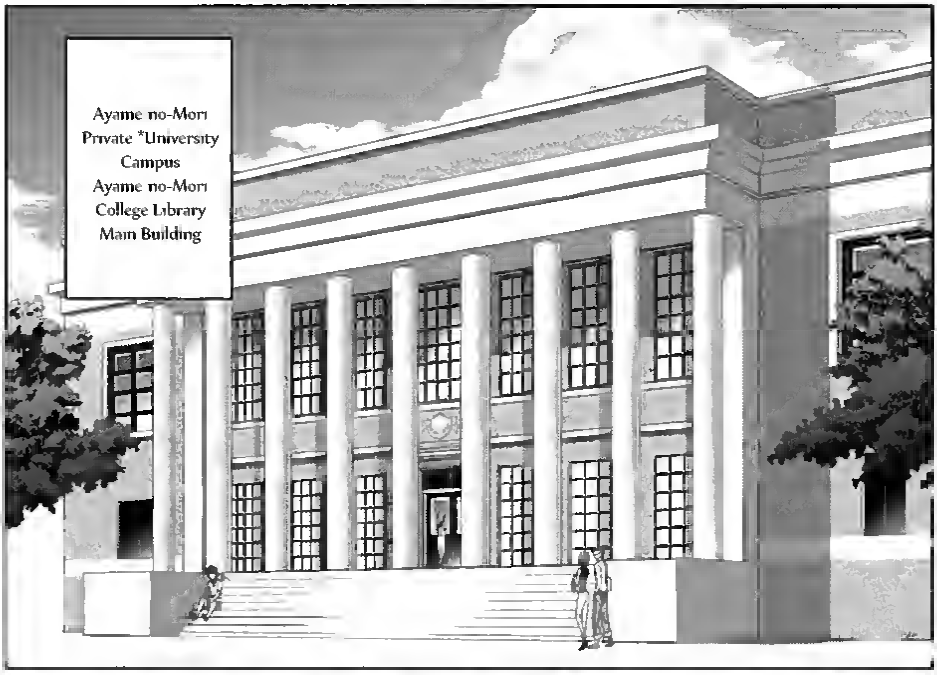
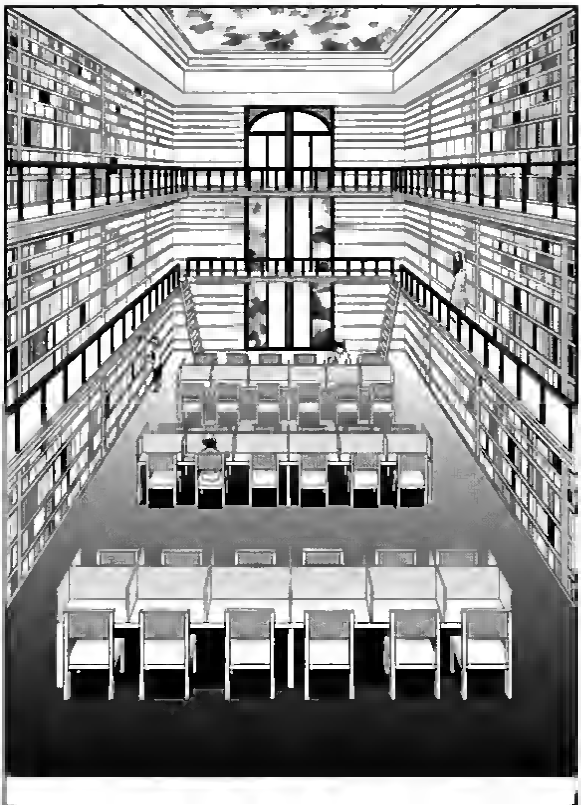
Section 3 - The Arahabaki Spacesuit (Part 1)

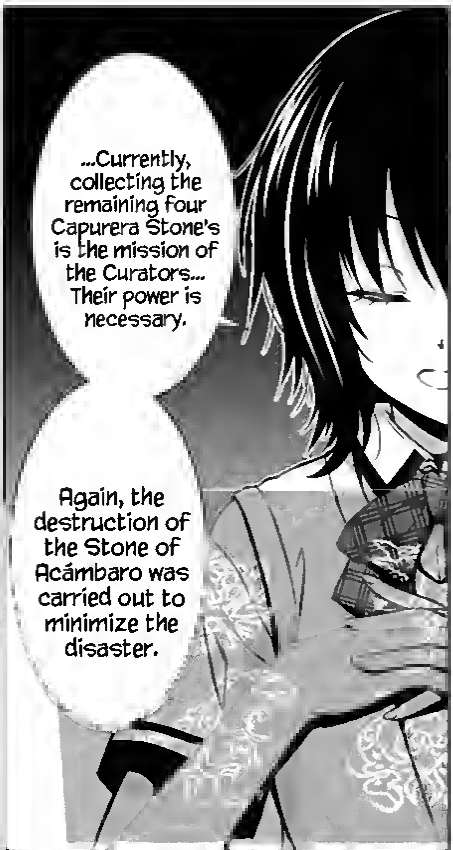
You say some interesting things... Boy...
if that's the case... show me
The raw strength.... of the son of man!

*Proper term used for "University" is Huzoku-Gakuin, a college which has a high school and middle school division integrated.





Museum Far East First Division Meeting Room
Now, for Kagimori Yuuto's punishment. His supervisory privileges are revoked for two weeks, in addition, he will serve as an adjunct supervisor.
During this time, he is not permitted to use his D-parts or his contracted High Carrier.
Ayame-no-Mori Private College Middle School Second Year First Group Curator Class - First - Artifact Supervisory Chief Sakura no mori Utahime



...Currently, collecting the remaining four Capurera Stone's is the mission of the Curators... Their power is necessary.
Again, the destruction of the Stone of Acámbaro was carried out to minimize the disaster.

We should relieve him of his duties to the Museum and seize his artifact!
I object! To have gone on his own to collect the artifact and then to have destroyed the collected artifact...! These are heinous crimes!

To continue using a man like that, is the Far East First Division out of their mind!?
However, that man is a Sinner, Supervisory Chief!

That's right!!
I know! We should relocate the High Carrier to headquarters!!
D

But Supervisory Chief...!
...I believe I said that today's topic was "Kagimori Yuuto's punishment."
...Quiet, you two.
Your style is a dangerous weapon.
I sure am popular with people that aren't even students.

Today's topic of discussion should also include the question of who will take responsibility for the "theft of artifacts from the storage facility."
Is that what you're trying to say?

Ugh

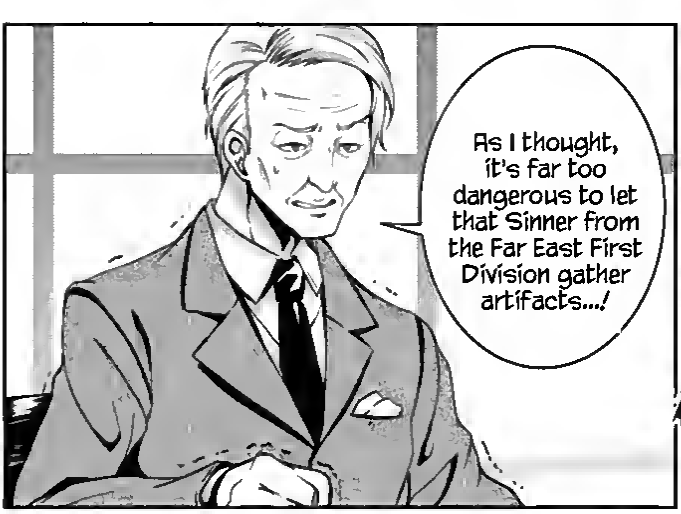
No... You two have also done a lot.
I apologize for making you do all this work Supervisory Chief.
...If there are no other topics to discuss, we will adjourn this meeting.

I've received it.
Here's the key.
I will seal all of Yuuto's powers in this room while he is being punished.

...it's Yuunagi-san.
Now, about the Curator Kagimori-san will serve...
I'm sorry to cause such inconveniences for you two.

Yeah, leave it to me.
...I see.
Please take good care of her.



As I thought, it's far too dangerous to let that Sinner from the Far East First Division gather artifacts...!

Shit!
ドン!!

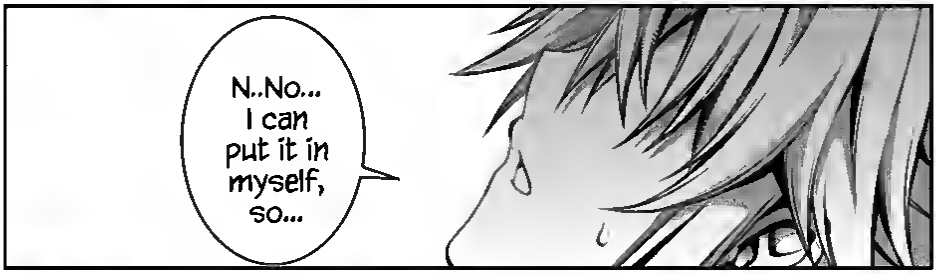
I shall defeat them.
To leave such dangerous people to their own devices is preposterously outrageous.

Ooh, you're...!
Please allow me to be the one to get rid of that Sinner, Division Chief.

For the justice of our Museum.
Eh?
This is Kagimori's house...?

Ah... Yayako-senpai!
I kind of got an email from Acasia-chan...
though I didn't tell her my email...
Ah, you're already here. I thought I felt a tasty presence.
It is my duty to supplement what my master lacks.
Please come to our house so we can give you a proper explanation soon
Hya-aaaaa-!
Another guest?
Yuuto is currently with another guest... This way

Oh my, it's coming from the yard where Yuuto is.
...eh...wa, what's that? that scream...



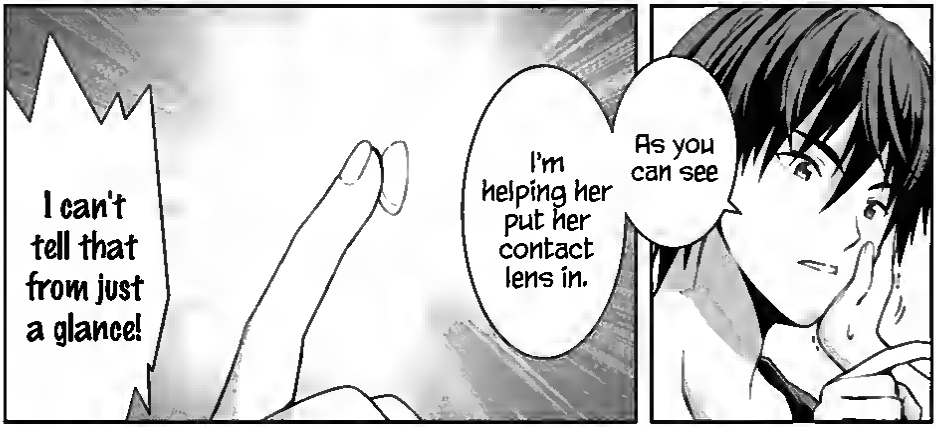
N..No... I can put it in myself, so...

Don't worry, I'll be gentle.

N...No you can't. It hurts... and it's scary...!
It'll be fine, trust me...

-The hell are you doing-!?
Mm?
Eh... Ah....!

Nooo!
This isn't something obscene or anything!!
Ah, I apologize for disturbing you.
That's right Akane-ga-Saki.



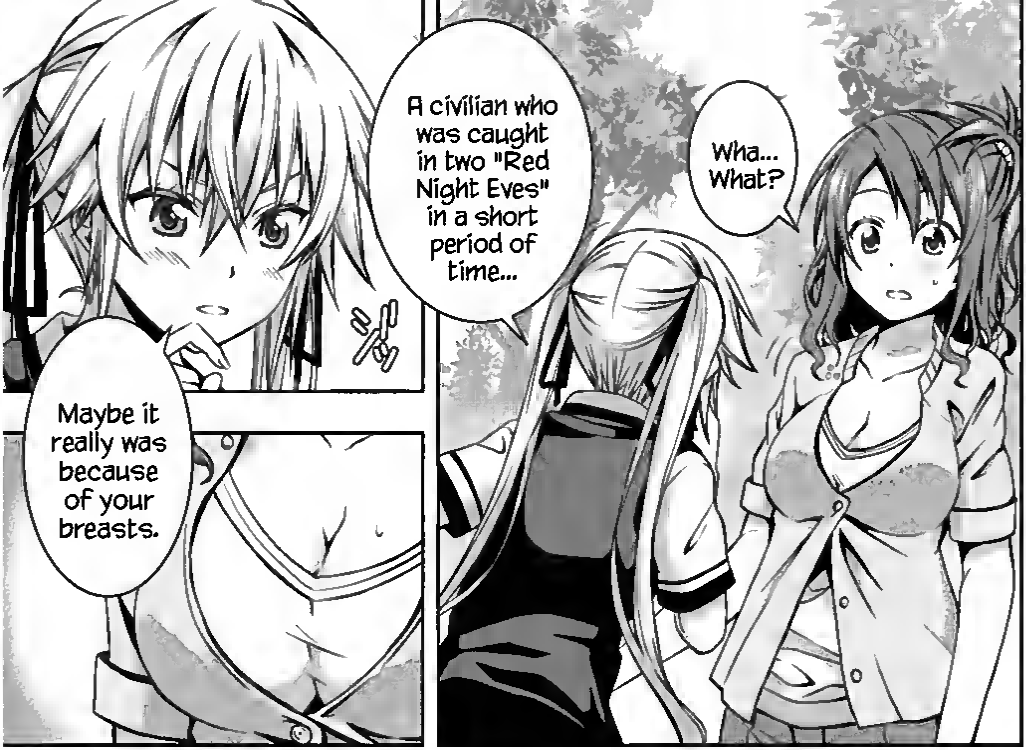
I can't tell that from just a glance!
I'm helping her put her contact lens in.
As you can see

W...Well... It's not like I thought that you guys were doing naughty things.
Oh, but you ran here really fas...
A-, A-!
And Kagimori, who is this girl!?
Yeah, let me introduce you.

She's a second year at our middle school and the current middle school class president, Shizumiya Yuunagi.
...Nice to meet you.
So senpai... is this the person?
Yeah... She's my classmate who was involved in the shark incident, the bird incident, and has large breasts, whose name is Akane-ga-Saki Hana.
UWA!
Hey... Kagimori! Don't introduce me like that!
Ayame-no-Mori Private University - Middle School Second Year First Class - Curator Class Nine - Shizumiya Yuunaki
It seems Akane-ga-Saki bouncing attracts infected bodies and D-parts.
...Is that so?
That's a lie!

The truth is, because of that last incident we're serving as Yuunagi's assisstant.
Yeah, nice to meet you, Yuunagi-chan.
Since you already know about "Red Night Eve," I'll talk openly with you, but I'm also a Curator.
You can call me Yuunagi, Hana-senpai.
It's punishment for destroying D-parts without getting proper approval.
The incident caused by the D-parts called "Statue of Acámbaro" that you helped us with.
Eh? Because of the last incident...
Yea. That incident would never have happened had they properly managed the storage facility
Yet they care about not getting proper authorization
Don't worry about it Akane-ga-Saki.
Uuh... I'm sorry Kagimori. For my sake...

It's annoying how I get tasked for their mistakes.
I was tasked with investigating that matter.
Ah... Did they figure out who stole it?
I totally thought she was our age... She has pretty blond hair so maybe she's half?
She's a middle schooler and the class president, but she's also a Curator just like Kagimori...
Even so,
Now that I think about it, she kind of reminds me of Acasia-chan-
Hm?

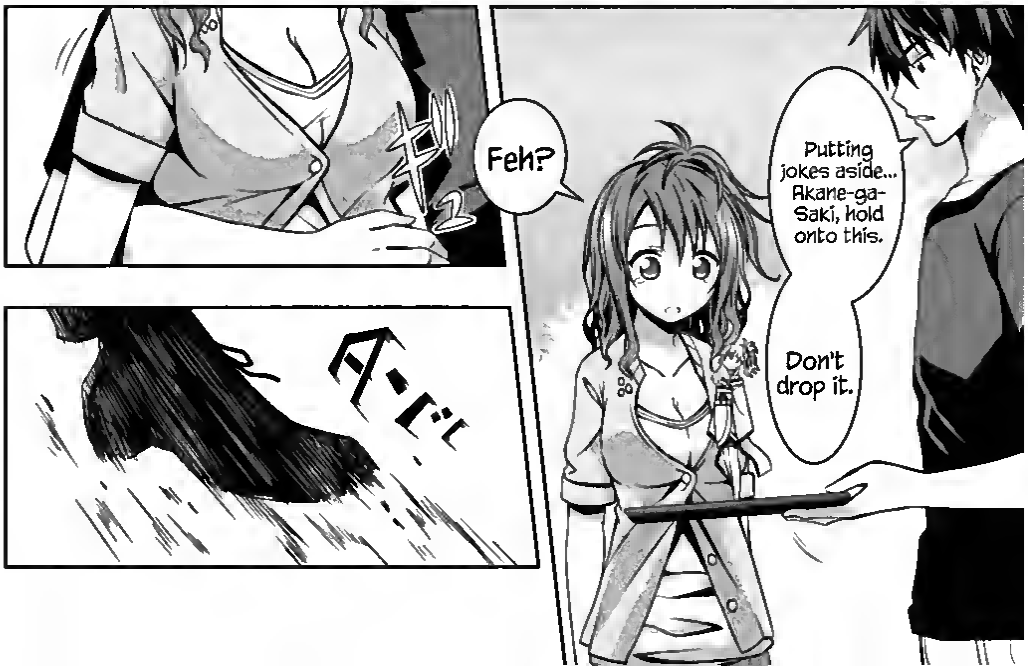


A civilian who was caught in two "Red Night Eves" in a short period of time...
Wha... What?
Maybe it really was because of your breasts.

Th...That's not what I was concerned about!
Don't worry Yuunagi, you're more of the type that prioritizes shape rather than volume.
I'm here because I want you to explain why all these things keep happening around me!
Getting attacked by that huge shark, and Piyo-chan becoming a big bird!
...That was the plan, however...

This might not be what Hana-san wants to hear.
but currently a High Carrier is approaching us

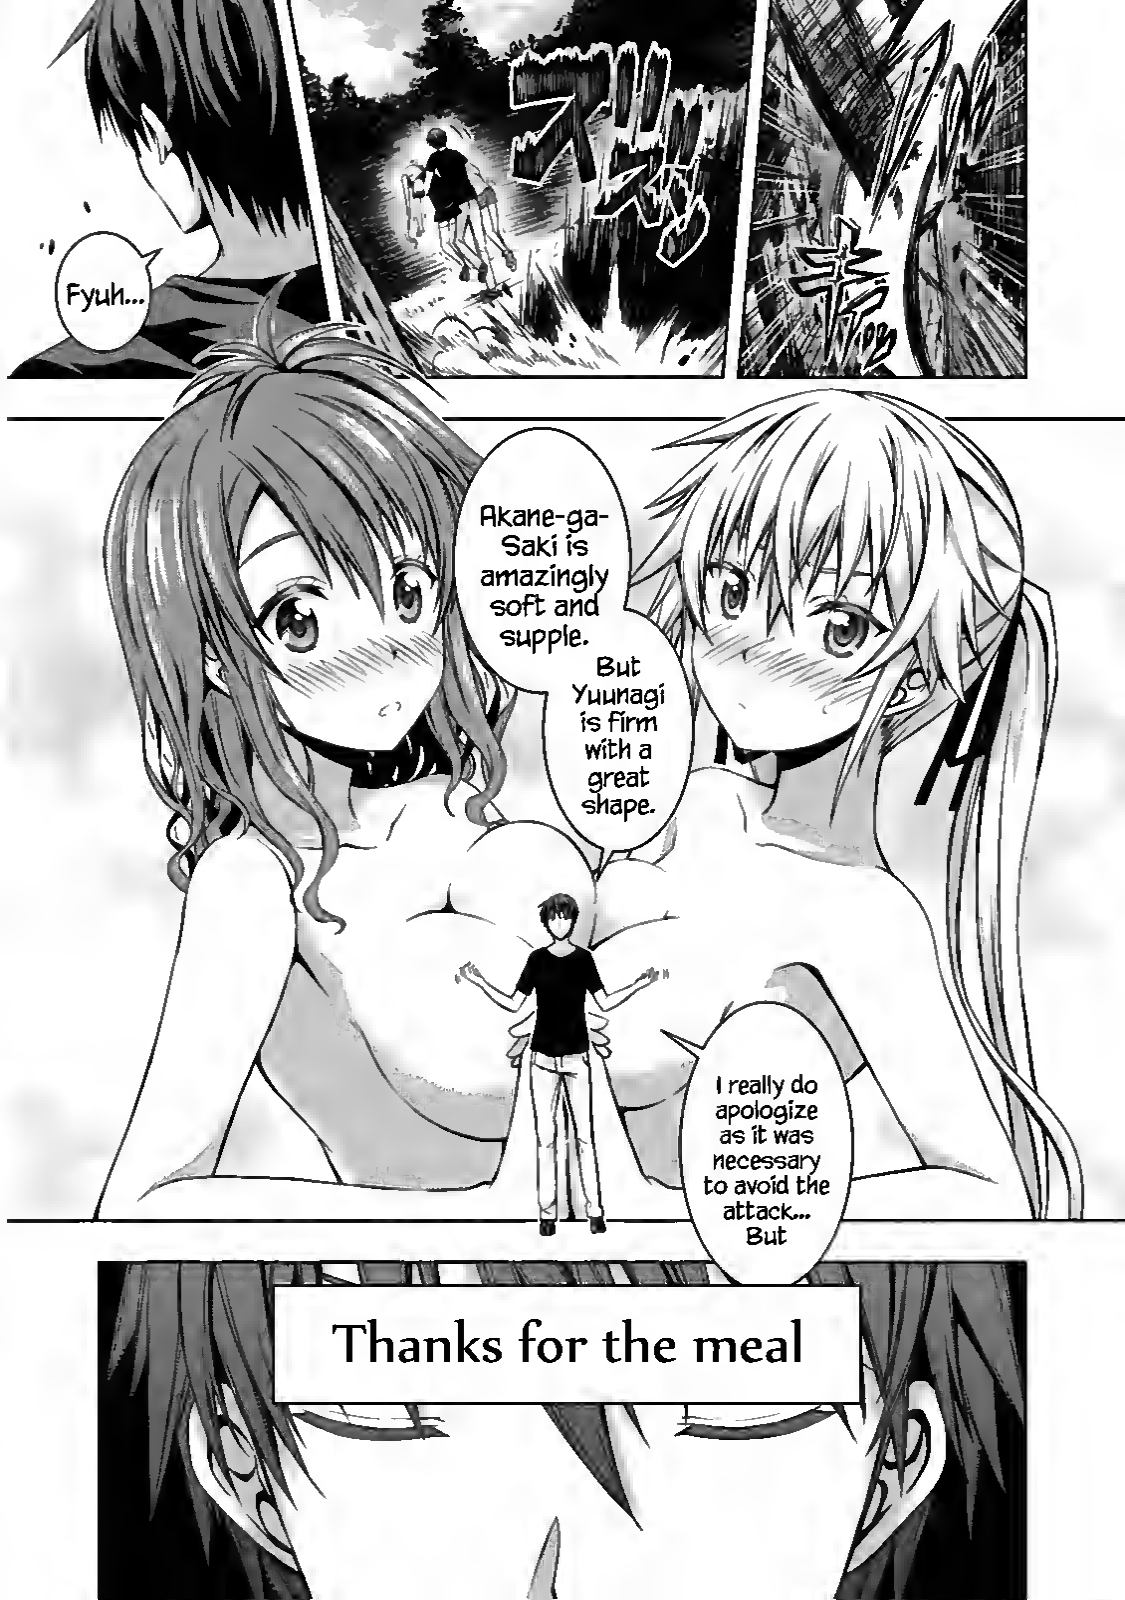
I'm telling you that's wrong-!
Eh? Seriously?
No mistaking it.
The breasts ...



Feh?
Putting jokes aside... Akane-ga-Saki, hold onto this.
Don't drop it.
A-ぐ

Hye-eee!
Master, there's another one!
ズル…
I'm sorry.
to both of you-
I'm saying this in advance...

Kyan!?
Hya-wa!?



Fyuh...
Akane-ga-Saki is amazingly soft and supple.
But Yuunagi is firm with a great shape.
I really do apologize as it was necessary to avoid the attack... But
Thanks for the meal
